

WIAA SPORTS PHYSICALS

GET YOUR GAME ON

Kick off the sports season with a WIAA physical at Ministry Medical Group. We will make sure you are ready for a safe and successful sports season.

Athletes attending junior high or high school in 2011 will receive a free sports physical – June thru August (during normal business hours), but a suggested \$25 contribution that will be donated to your local school's athletic program is appreciated.

Call today to schedule your appointment. These screenings meet all WIAA requirements.

A parent/guardian should accompany their child in order to complete the paperwork. The WIAA physical is not intended to replace regular check-ups with your child's physician.

For a complete list of times and locations, visit: ministryhealth.org/sportsphysicals
